

## Club Field Restrictions Guidelines

Colorado International Soccer Academy presents this document to inform all our club teams, visiting team coaches, players, parents, and families with our **Field Restrictions Guidelines** to help us all return to CSA games, and in many respects, to life itself in a safe, thoughtful, and responsible manner.

### Capacity Limits

Douglas County has a 50 player restriction at any given time. Spectators are limited to two per player, a social distancing of 6 ft apart is required for spectators from different families.

### Parking Notes

No congregating! Before or after games at fields or parking areas.

### Limitation Upon Arrival

(Ponderosa High School) The home team will use south open space (West) from the fields for warm-ups, and the visiting team shall use south open space (East). Refer to the map below.

### Spectator Limitations

Spectators should wait in cars until the previous game ends, and teams and their spectators clear the field. All spectators are encouraged to wear face masks when entering and exiting the fields. All coaches are required to wear a face mask during the game. Players should be sitting 6 ft apart when not actively playing. It is expected that all families practice social distancing (6 ft apart) per family group. The visiting team players and families will use the East side of the field. The home team players and families will use the West side of the field. Parents will sit in the South half of the field, and teams will sit in the North half.

### Game necessities

The home team will make hand sanitizer available to players, coaches, and referees. The visitor team should also provide hand sanitizer to their team players. Portable potty will be available at your own risk.

### After Game Limitation

Parents and players must exit the field and the parking lot within 15 minutes of the conclusion of the game to allow the incoming team plenty of time to situate. Players should exercise social distancing at the end of the game. No contact is permitted. Teams should exit by the north end of the field between the baseball field fence and north side of the field.

### Additional Notes:
